

Hello from Janet Caruthers, Missouri State Librarian

As the season of change, spring brings us warmer weather, green leaves and flowers galore. This is a wonderful time to check out a book to enjoy in the sun with a cool breeze or inside as a spring storm rolls by. With these seasons transitioning, Wolfner Talking Book and Braille Library would like to introduce our new Missouri State Librarian: Janet Caruthers.

On Feb. 1, I was chosen as Missouri's state librarian and Wolfner's director by Secretary of State Denny Hoskins. I appreciate Secretary Hoskins' confidence and appreciate working with him and his team supporting the exceptional work of Wolfner across Missouri.

Since 2019, I served as the Missouri State Library's technology and resource sharing consultant, and in November 2024, was appointed the acting state librarian by former Secretary of State Jay Ashcroft. Before my time with the State Library, I worked for the Stafford Library at Columbia College in Columbia, Mo., 1990 – 2019 in various roles: audiovisual services coordinator, reference librarian, systems librarian, ending with seventeen years as the library director. I earned my Master of Library Science from the University of Missouri.

I look forward to working more closely with the Wolfner staff and leadership. We will continue producing audiobooks, checking out books, going on outreach, and providing you high quality service. I greatly appreciate the opportunity to be your director and playing a part in Wolfner's continued success.

Janet

Introducing the DA2

The new audiobook players, the DA2, are set to arrive this summer. The major difference between the new model audio player and the existing player is that the new player can download and read books downloaded from BARD, the Braille and Audio Reading Download site. The players also support Bluetooth connectivity. They are very similar to the current player but feature a square design. The DA2 has a handle, can adjust tone, volume, speed and playback controls like sleep, rewind, play, stop and fast forward. It can control bookshelf, bookmarks and modes.

Wolfner Talking Book and Braille Library

Wolfner will receive a limited number of players this year and more players next year. The first patrons to receive the DA2 will be those who download books from BARD. If you currently download books and would like a player for listening, please contact a Reader Advisor.

If you have access to the internet, an email address and would like to download from BARD using the new DA2 player, once they have arrived, call us and we can help you set up your download account. Remember that if you use BARD to download books, you can have any book anytime with no USPS delays.

For more information, please contact us at 800-392-2614, 573-751-8720 or email wolfner@sos.mo.gov.

Calling All Unused Equipment

Did you know that we can send you a mailing box free-of-charge to return Wolfner audio player equipment that you are not using?

If you are not currently using your audio player or any other equipment checked out from Wolfner Library, it must be returned. Returned equipment allows other library patrons to enjoy the service. All Wolfner and NLS equipment is federal property, so the library must follow the government guidelines. National Library Service guidelines state that if you have not been sent an audio cartridge in one year, you must return the audio player to the library.

If you do not have the box it came in, please call us, and we will gladly send you a box marked Free Postage to return your unused equipment. And don't worry; if you wish to use a machine in the future, we will be happy to send another one. Please call us if you have any questions at 800-392-2614 or 573-751-8720.
